

- Evaluation Programme for New Students -

The day after the annual evaluation, 13th November we enrolled 20 new students to the programme as 21st batch. Our new commers came early in the morning to the temple with their parents.

As usual, first we worshiped lord Buddha. Then our reverend Thero welcomed all the gatherings on behalf of the god parents and the programme. He explained about the programme to the little ones. Next, we started our enrollment activities.

Students faced interviews from both Sinhala and English. And also, they faced to simple questions papers of English and Mathematics. They proved us that our selections and decisions were very accurate by their marks they got.

Finally, we gave chance to present our little students skills. They showed few colourful skills to us. Among them we selected four (04) little girls for dancing item in our annual scholarship awarding ceremony.
