

Nourishing Lives with Love: The 14th Food Aid Distribution Program

True kindness is often woven behind the scene. On Mat, 8th our center transformed into a hub of shared joy and community spirit as we gathered to prepare the food aid. This massive task was made beautiful by the overwhelming support of several dedicated parents who volunteered their time. Working hand-in-hand from the break of dawn until late into the night we successfully curated 300 essential packages ensuring that each bag was packed to perfection without a single item missing.

This time we introduced a few thoughtful variations to the food pack to provide better nutritional value. Each of the package thoughtfully included,

Red Rice (10 Kg)	Sugar (01 Kg)	Dhal (01 Kg)	Chickpeas
Wheat Flour (01Kg)	Tea leaves pkt(100g)	Soya pkts	Noodles
Soap	Table Salt		

On Saturday morning may 9th the atmosphere was buzzing with anticipation. Just as informed our beloved students and their parents arrived early, their faces lit with hope.

The official distribution commenced promptly at 10.00AM. The day's proceedings began with the chanting of pansil(The five precepts) led by our most Venerable Thero. Following this spiritual beginning the venerable Thero addressed the gathering, beautifully explaining the core vision of this program reflecting on our milestones and highlighting the invaluable impact of this journey on the children's lives.

To add more depth to the morning our English Instructor Mr.Mangala Hewa Pathirana delivered an insightful speech. He further emphasized the profound value of this project to both parents and children encouraging the students to cherish this rare opportunity.

Following the speeches, the distribution began in an orderly and traditional manner. One by one the children were called forward to receive their prepared packages.

It was deeply moving and enthusiastic day. Every single child and parent walked up to the Venerable Thero and us their eyes brimming with gratitude. They expressed their boundless thanks and offered blessings to their foster parents whose generosity makes this relief possible. With arms full of essential supplies and hearts full of joy the families returned home making another chapter of compassion in our journey.
